

Orion SVP 6LT 6-inch newtonian
RL disc = .92"
1st ring = 1.29" radius/2.58" dia.

- ← 1" scale for 1.75-inch circle
- ← .9" airy disc for 1.75-inch circle
- ← airy disc and first diffr. ring for 1.75-inch circle

1.75 inch diameter circle

- ← 1" scale for 5.25-inch circle
- ← .9" airy disc for 5.25-inch circle
- ← airy disc and first diffr. ring for 5.25-inch circle

5.25 inch diameter circle

Zeta Aquarii sketch
with 1" scale to the left of the stars
